WORK EXPERIENCE

SpiceJet Ltd.

June. 2019 – September 2019

Software Engineering Intern – Cargo

Mumbai, India

- Scaled SmartKargo, a company-wide proprietary software that handles the booking, invoicing, manifesting and tracking of every piece of cargo to handle an increased workload from 35 to 78 flights a day from Mumbai.
- Worked with Java, Python, Databases and PowerPoint that involved presenting vital day-to-day data to the Top Executives every week.
- Ensured and maintained customer & client satisfaction and happiness during my tenure
- Part of a team that ensured the tracking and timely delivery of 12,000 tonnes of cargo a month.
- Airline grew to 2nd largest in terms of market share in a short period.

JNAA - CASCADE

April 2017 – August 2017

Assistant Head of Hospitality

Mumbai, India

- Managed the hospitality of more than 200 judges, chief guests and special dignitaries for a national high school festival – Cascade.
- Experienced Day-to-Day Workload and Big-Event Management, as well as bringing me closer to my Alumni
- Brainstorm and successfully executed the two-weekend long festival within a period of 4 months.
